49	Park + Vine	1109 Vine Street
50	Fountain Square South	N side of Fifth, west of Walnut

UNDESIGNATED BIKE RACKS

There are thousands of free places to park on the public sidewalks that are not signed "Bike rack". The best facilities provide two points of contact with the frame, accommodate cable locks and U-locks and a variety of bike frames/sizes.

Where the sidewalk is narrow, take extra care not to block pedestrian ways. Park parallel to the curb. Maintain access to traffic push buttons and cross walks, utility boxes, flower pots and the entrances to businesses.

Please avoid locking to trees, hand railings, newspaper boxes, outdoor café railings and other private property.

There are over 500 sign poles like this along 4th, 5th, 6th and 7th Streets downtown. They are shown in magenta on the downtown map.
